NOTICE OF

WITNEY ANNUAL TOWN MEETING

WEDNESDAY, 18TH MARCH, 2026

MAIN HALL, THE CORN EXCHANGE, WITNEY

7.30 PM

[Refreshments available from 6.45pm]

Agenda

1. **Introduction and Welcome from the Mayor of Witney, Cllr Andy Bailey**
2. **Official Noting of the Town Councillor apologies for absence**
3. **To receive and approve the minutes of the Annual Town Meeting of 19 March 2025** (Pages 2 - 7)
4. **Thames Valley Police**
A Local Police Officer will attend the meeting to give a brief report and answer questions on any relevant matters raised at the meeting.
5. **To receive the Annual Town Report - Presented by the Mayor & Leader of Witney Town Council**
(Pages 8 - 27)
6. **Open Forum to discuss matters raised by the general public at the meeting**
To receive questions relating to the town of Witney which may be asked by any Witney resident. Notice of such matters would be appreciated and should be sent to the Town Clerk.
7. **Town Mayor's closing remarks and thanks**

Councillor A Bailey
Town Mayor, Witney Town Council

This is an annual statutory public meeting of the Local Government electors of Witney who are invited to attend and take part in discussions. It is not a Town Council meeting although the Town Council does take the opportunity to present a Annual report to the meeting on the work being undertaken by its committees. **It should be noted, this is not a political meeting.**

After the formal business of the meeting, you are invited to meet local Councillors and discuss the work of the Town Council and other town issues.

Agenda Item 3

ANNUAL TOWN MEETING COMMITTEE MEETING OF THE WITNEY TOWN COUNCIL

Held on Wednesday, 19 March 2025

At 7.34 pm in the Main Hall, The Corn Exchange, Witney

Present:

Councillor O Collins (Chair)

Councillors:	T Ashby A Bailey R Crouch G Doughty J Doughty D Edwards-Hughes D Enright	G Meadows A Mubin J Robertshaw S Simpson R Smith J Treloar
Officers:	Adam Clapton Sharon Groth Polly Inness Derek Mackenzie Nigel Warner Angus Whitburn	Deputy Town Clerk Town Clerk Communications & Community Engagement Officer Senior Administrative Officer & Committee Clerk Responsible Financial Officer Operations Manager
Others:	35 members of the public Councillor M Brooker – West Oxfordshire District Council Councillor A Coles – Oxfordshire Country Council Inspector C Ball – Thames Valley Police PC J Bennett – Thames Valley Police	

1 INTRODUCTIONS AND WELCOME FROM THE MAYOR OF WITNEY, CLLR OWEN COLLINS

The Town Mayor, Cllr Owen Collins welcomed the public to the meeting as well as two members of Thames Valley Police.

He continued by introducing those in attendance to the Annual Town Report which replaced the individual reports from Committee chairs. He explained how the evening would proceed and how some additional changes to the format, such as the use of Slido would assist in helping with responses to questions that residents wished to raise.

He additionally welcomed Councillor Abdul Mubin who was attending his first Annual Town Meeting following his election as a councillor for the Witney Central ward in November 2024.

2 **OFFICIAL NOTING OF THE TOWN COUNCILLOR APOLOGIES FOR ABSENCE**

Apologies for absence were received from Witney Town Councillors J Aitman, D Newcombe and D Temple.

3 **TO RECEIVE AND APPROVE THE MINUTES OF THE ANNUAL TOWN MEETING OF 20 MARCH 2024**

The minutes of the Annual Town Meeting held on 20 March 2024, copies of which were available at the meeting, were approved as a correct record and signed by the Chair.

4 **THAMES VALLEY POLICE**

The meeting received a verbal update from Inspector Chris Ball of Thames Valley Police (TVP) with a general update on policing.

Attendees were advised it had been a year of change with policing locally, with a re-structure resulting in a team which now consisted of five Police Community Support Officers and three Police Constables.

In respect of crime statistics, he reported reductions of 67% in rural crime, 40% for Burglary/Theft offences and 17% and 8% for Knife and Anti-Social Behaviour respectively which. He credited this to The Station, the detached youth service supported by Witney Town Council, and highlighted the free KICK event which was held at the Artificial Turf Pitch which TVP.

In respect of the actual number of knife crime incidents this was five for the previous 12-month period.

It was reiterated that Witney was a safe place to live. Domestic violence was down, and perpetrators were brought to justice.

Inspector Ball took questions from residents. Regarding the logging of Incidents Online he acknowledged that this was at times difficult, especially for illegal parking however, reports should be made if this was causing a hazard or obstruction. He explained that in any other case this should be reported to Oxfordshire County Council who were responsible for parking enforcement.

Next, he was asked what could be done about delivery cyclists riding on pavements, without lights and wearing dark clothing on public roads. Insp Ball advised that action was being taken and that in the previous week two illegal e-bikes had been seized by his officers.

On the subject of younger users of e-bikes and scooters he explained he was keen that children should not be criminalised and that his team's approach was to educate by speaking with parents who in main were the purchasers of the bike/scooter. However, if the use continued then action was taken to remove the bike/scooter.

In response to a question regarding the comments about insufficient numbers of Police that arise on Facebook and how was the best way to contact the police, Inspector Ball explained that demand was led by reports and resources were focused on those areas that appeared in those "hot spots". The simplest way to report was via the "Your Area" section of the TVP website.

He closed by advising that residents could find details of crime statistics on the "Your Area" section of the website however, due to limited number of categories available these may need to be read with caution.

5 **TO RECEIVE THE ANNUAL TOWN REPORT - PRESENTED BY THE MAYOR & LEADER OF THE COUNCIL**

The Chair invited the Leader of Witney Town Council, Cllr Dr Ruth Smith to present the Annual Report of the Council to attendees.

She explained it was the first year the Council had produced an Annual Report. The contents of which outlined the work of the town council over the previous year and listed the facilities and events it managed; some items which were statutory such as maintenance of Cemeteries, sports and play facilities and Allotments. However, the Council held the General Power of Competence which gave it the power to do things outside its normal duties to plug gaps and be innovative on behalf of the community in terms of grants such as that to the detached youth service and re-establishing a Youth Council.

She explained that there were seventeen Councillors making up the Council who were supported by Town Hall, Public Hall and Operational staffing who together speak up for Witney and its residents on a variety of subjects though meetings as well as by liaising with other levels of Council and third-party agencies.

Cllr Smith outlined the number of public consultations had taken place in the previous year including on Raleigh Crescent Play area and MUGA, the refurbishment of the Leys splashpad and the changes to the provision of services at The Leys. Also, the Council had highlighted the public consultations regarding Witney High Street which would have a further consultation on designs later in the spring.

Following this item, the Mayor invited attendees to view a series of short videos provided by organisations awarded town council grants within the last year; these included Be Free Young Carers, Witney Photo Group and Witney Music Festival.

Inspector C Ball left the meeting at 8:15pm.

6 **OPEN FORUM TO DISCUSS MATTERS RAISED BY THE GENERAL PUBLIC AT THE MEETING**

Further to the updates contained in the Town Council's Annual Report, the Mayor opened the floor to questions from the public. All were asked to provide their name and home road name before asking their questions.

Q1. Is it possible to have a progress update on the redevelopment of West Witney Sports & Social Club and on when the welfare facilities will be moved off of the shared Car Park?

The Chair deferred to Town Council officers who advised there had been a delay due to the closure of the Community Ownership Fund which meant alternative funding had to be sought for the projects. The funds held by the Council, including reserves and Section 106 funds left a shortfall which would need to be filled with a loan. There was historical precedent for this when the Club was purchased with the Council paying a loan for several years, so the cost was shared over several generations who would benefit from it.

All equipment was due to be removed from the shared car park within the next six to eight weeks.

Q2. What can be done to stop flyposting on various electrical/GPO boxes in the town (glued on to these objects)?

As Deputy Leader and Executive Member for Economic Development of West Oxfordshire District Council, Cllr D Enright responded to say that he had been working with the Town Partnership and Witney Chamber of Commerce to complete an audit of the town's signage and infrastructure. Part of this audit had identified the unsightly communications boxes and an idea of having these decorated was being explored and he was hopeful this would be implemented.

Q3. It's nice to see the footpath along Ducklington Lane (A415) has been cleared and it is now along with the cycle path restored to its original width after about six years of complaining, however where the under-pass is into Burwell Estate can the muddy and rutted grass be made into a proper cycle path/footway?

Cllr Andrew Coles the Chair of Witney Traffic Committee (TAC) confirmed he was pleased with the work to bring the once neglected underpass and path/cycleway up to a better standard would look into the further request and reply directly to the resident.

Q4. When will cameras be installed in Witney High Street? And will the scheme also cover Corn Street?

Again, as Chair of the TAC, Cllr A Coles responded to advise that the Traffic Regulation Order was in place however, no date had been set for the implementation of an ANPR camera to enforce the order. He confirmed they were only due to be installed and monitor use of the High Street area and it would not extend to Corn Street where it was mentioned by a resident there were issues with motorbikes.

Q5. Is it possible for the footbridge between Langel Common and Farm Mill Lane to be repaired and for a handrail to be installed?

The Chair advised he was unsure of the ownership with regard to this particular bridge. Town Council officers would investigate further and progress the request.

Q6. Could the path from Kingfisher Meadow area toward Crawley be maintained. This would create a circular wildlife/nature walk?

Cllr D Enright responded to advise that WODC were looking into the plotting of heritage walking routes similar to those implemented by WODC in Deer Park area, and the Town Council in the Lake & Country Park.

The Mayor added that as the river created parish boundaries then these parishes may also be informed and invited to contribute their ideas.

Q7. Are we doing enough on anti-social behaviour?

PC Josh Bennett of Thames Valley Police advised this was a year-round focus of the policing team however, they were aware that as the warmer months arrived and as youth supervision decreased then additional issues may arise. He asked that the resident to speak with him following the meeting to discuss any specific concerns they may have.

Q8. Are the lights at St. Mary's Churchyard now fixed?

The Operations Manager responded to confirm that with the exception of the archway, all the lighting was now operational; the archway lighting was the cause of the issues experienced.

Q9. Why is there graffiti on only one side of the A40 underpass?

There was no-one present who could answer this question so it was agreed town council officers would ask OCC why this was the case.

Q10. What is being done to enforce no cycling through Marriott's Walk? Can signage be improved?

Cllr D Enright responded on behalf West Oxfordshire District Council to say that the area was being reviewed with the intention of reducing its use as a through route for cyclists. Cllr R Smith added that she had personally seen cyclists being challenged by shopping centre staff.

Q11. In relation to new Parking Permits in Corn Street, will the new rules extend to West End?

Cllr A Coles again responded to confirm that West End was a historical scheme and that there was no proposal to introduce a permit scheme similar to the one in Corn Street & Church Green. The main contributing factor was that Witney was an old town and not built for the number of vehicles that need to use and park within it in modern times.

Q12. Could we have a mini multi-cultural festival, would residents be accepting of this?

The Mayor confirmed that the Youth Council were already working on this and it was suggested that United Nations Day in October may be a suitable occasion.

It was agreed by those present that a celebration of the diverse demographic of the town makes it a better place and that it was important to include participation from the younger members of the community in building on this.

Q13. What can be done about the poor Car Park signage and faded road markings in the Short Stay parking area behind Waitrose?

This car park was under the responsibility of West Oxfordshire District Council, officers would pass on the comments to WODC and ask them to review.

Q14. Flooding at Witney Lake appears to have been worse this year. What is the Council doing?

The Operation Manager provided a response to say that the Council's Biodiversity & Green Spaces Officers has carried out significant work to improve the Lake & Country Park area and this work will continue in order to best maintain the pathways around the area. However, the Council was sometimes hampered due to having to gain permissions from the Environment Agency or other riparian owners.

Cllr A Coles highlighted the work of the Witney Flood Group who had a new website showing some great data on the work they have carried out to access issues across the town.

Q15. How long will it take to complete the Shore's Green construction?

Cllr D Enright (OCC) replied to confirm that the aim was for a completion by November 2026. Cllr M Brooker (WODC) added that regular updates had been requested from OCC, and these would be provided via the designated "access to Witney" webpage on OCC's website.

Q16. Can we have more events such as the recent roller disco to celebrate 50th Anniversary of the Windrush Leisure Centre and allow families to come together?

Cllr A Coles (WODC) agreed that these types of events were very important. Leisure centres in the district had received lots of investment recently to bring them up to a better standard and he would take the suggestion forward and see what additional activity could be brought forward.

During the above questions thanks were received from Cllr A Coles for the Town Council's support to the residents of Riverside Gardens during potential flooding risk events.

A further comment of praise was made regarding the quizzes about Witney in one of the High Street Estate Agent windows which were enjoyed by a resident as they passed by.

7 TOWN MAYOR'S CLOSING REMARKS AND THANKS

The Mayor thanked the public for attending the meeting and reminded them they were welcome to approach Councillors or the officer from Thames Valley Police afterwards to discuss any issues further.

He also thanked all his fellow Town Councillor who continued to show their passion and love for Witney, most importantly doing this as volunteers as they did not receive any financial remuneration for their role on the Council.

Finally, the Mayor thanked all the Town Council staff, Thames Valley Police and Councillors from WODC and OCC for the work they contributed to make Witney a great place to live and continued by highlighting that all present should be proud to be different and have different ideas and priorities and that they should always recognise this and continue to care for the community in which they live.

The meeting closed at: 9.00 pm

This report provides an overview of the Council's services, activities, and achievements over the past year. It highlights the wide range of work undertaken on behalf of our residents and demonstrates the important role the Town Council plays in supporting community life in Witney. Further information about our meetings, facilities, and events can be found on our website at www.witney-tc.gov.uk.

As Head of Paid Service, I am pleased to reflect on another busy and productive year for the Council. Our staff continue to deliver a broad range of services and initiatives that contribute to the wellbeing, vibrancy, and sustainability of the town. From maintaining our parks and green spaces and enhancing important natural areas, to supporting community events and managing key local facilities and venues, the Council remains committed to providing high-quality services for residents.

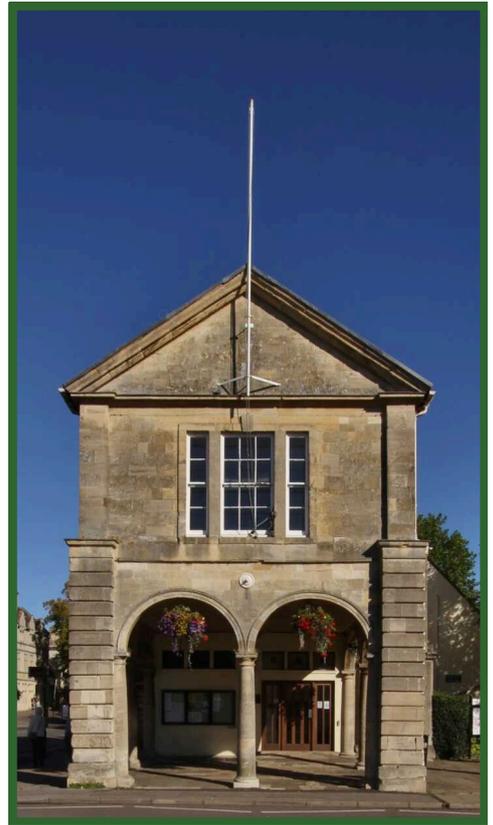

Our team of officers works closely with dedicated Town Councillors, local organisations, businesses, and community groups to ensure that the Council's work reflects the needs and aspirations of the town. This collaborative approach remains central to how we operate and enables us to deliver positive outcomes for the community. We also continue to strengthen our engagement with residents through consultation, communication, and partnership working to ensure community voices help shape the Council's priorities.

Local councils play an important role in shaping the places where people live, work, and spend their leisure time and continue to operate within a changing and often challenging environment. Despite these pressures, Witney Town Council remains focused on delivering value for residents while planning for the future of our town. With the adoption of the Council's Corporate Strategic Plan for 2025-2029, we have set clear priorities for the coming years and will continue to ensure our services, facilities, and community initiatives evolve to meet the needs of a growing and dynamic community.

The Council remains dedicated to protecting and enhancing Witney's environment, investing in our parks, facilities, and community spaces, supporting local organisations and residents, and ensuring that Witney continues to thrive as a vibrant and welcoming town.

I would like to thank our staff, councillors, volunteers, and partners for their continued commitment and contribution throughout the year. I hope you find this report informative and that it provides a useful insight into the work of your Town Council.

Sharon Groth
Witney Town Clerk/CEO

MAYOR OF WITNEY CLLR ANDY BAILEY

Serving as Mayor of Witney over the past year has been a genuine privilege. It has given me the opportunity to see first-hand just how many people across our town dedicate their time, energy and creativity to making Witney such a special place to live. While this report focuses on the work of Witney Town Council, it is also a chance to recognise the countless residents, volunteers, businesses and community organisations whose efforts strengthen the fabric of our town every day.

Over the past year, Witney has continued to demonstrate the strong sense of community that defines it. From well-attended town events and markets, to the work of local charities and voluntary groups supporting those in need, there is a clear commitment across our town to looking after one another and celebrating the place we call home. I have had the pleasure of meeting many of these groups during mayoral visits and events, and their passion for Witney is truly inspiring. These experiences have shown me how important it is that we continue to work collaboratively, creatively and positively to ensure that Witney Town Council serves, represents and celebrates the whole community.

This report highlights the projects, services and initiatives undertaken by the Town Council during the past year. These range from supporting community events and improving local facilities, to working with partners to ensure Witney continues to grow in a way that benefits residents while preserving the character of our town. Everything we do is rooted in the belief that Witney Town Council works best in partnership with the people it serves.

Over the past year the Council has continued to focus on practical improvements and supporting the activities that bring the town together. Delivering this work requires a great deal of coordination behind the scenes. I would like to thank my fellow councillors for the time and thought they give to representing residents across the town, often balancing these responsibilities alongside their professional and personal commitments. I am also deeply grateful to the Council's staff and officers whose dedication, organisation and professionalism ensure that projects move forward and services continue to run smoothly. Their efforts, often unseen, make an enormous difference to the day-to-day life of our town.

LEADER OF THE COUNCIL CLLR RUTH SMITH

Witney has 17 Town Councillors, and the more I work with them and partner organisations, the more I value their collective input. Together we speak up for Witney's needs while thinking ambitiously about our town's future. Though we don't always agree, we learn from one another and work constructively, guided by residents' experiences of living in Witney

Witney Town Council is a capable council with committed, professional staff and the capacity to deliver services that go beyond the minimum required of us, such as our flood alleviation work in residential areas particularly prone to flooding. These strengths place us in a strong position as we approach local government Reorganisation.

The Council has a good reputation among neighbouring councils and works productively with our District and County Councils on projects affecting Witney. Other towns and parishes often look to our work when we move into new areas, and we are increasingly recognised as a modern, resilient and well-organised council.

Supporting young people in Witney remains a priority. Detached youth work delivered through The Station continues to provide valuable support, and our Youth Council is building relationships locally, nationally and even internationally with their counterparts in our twin town, Le Touquet.

Our civic events continue to bring the community together. Remembrance services and last year's 100th anniversary commemorations of VE Day and D-Day drew large crowds, while our Citizen of the Year awards and volunteer programme also recognise the remarkable contribution made by volunteers across the town and give us the opportunity to thank them.

Most of our civic and community events, such as the May Day and Advent Fayre, are free, as are our popular amenities, the Splash Park, Lake and Country Park and our play areas. This ensures families have places to gather, explore and enjoy themselves at no cost, making them accessible to all.

You can now watch our live-streamed committee meetings, and I encourage residents to stay informed by watching online or attending in person. You can also contact your councillors by email or speak with us at Councillors at the Café. Your views help shape our work as we continue striving to make Witney a town that thrives for everyone.

WITNEY TOWN COUNCIL STRATEGIC PLAN AND PRIORITIES

In January 2026, Witney Town Council adopted its Corporate Strategic Plan for 2025–2029, setting out a clear vision and framework to guide the Council's work over the coming years.

The Plan brings together the Council's ambitions for Witney into a single corporate framework, ensuring that decisions, resources and services are aligned with the needs of residents and the future development of the town. It provides the Council's strategic direction through to 2029, supporting strong governance, community wellbeing, environmental responsibility and sustainable growth.

The Strategic Plan aligns with and provides direction for the Council's existing strategies, including the Open Spaces Strategy, Lake & Country Park Management Plan, Communications Strategy, Community Engagement Strategy, Investment Strategy, and its Medium-Term Financial Strategy alongside service business plans.

Delivery of the Plan is supported through the Council's committee structure, strong financial governance, and partnership working with public, private and voluntary sector organisations.

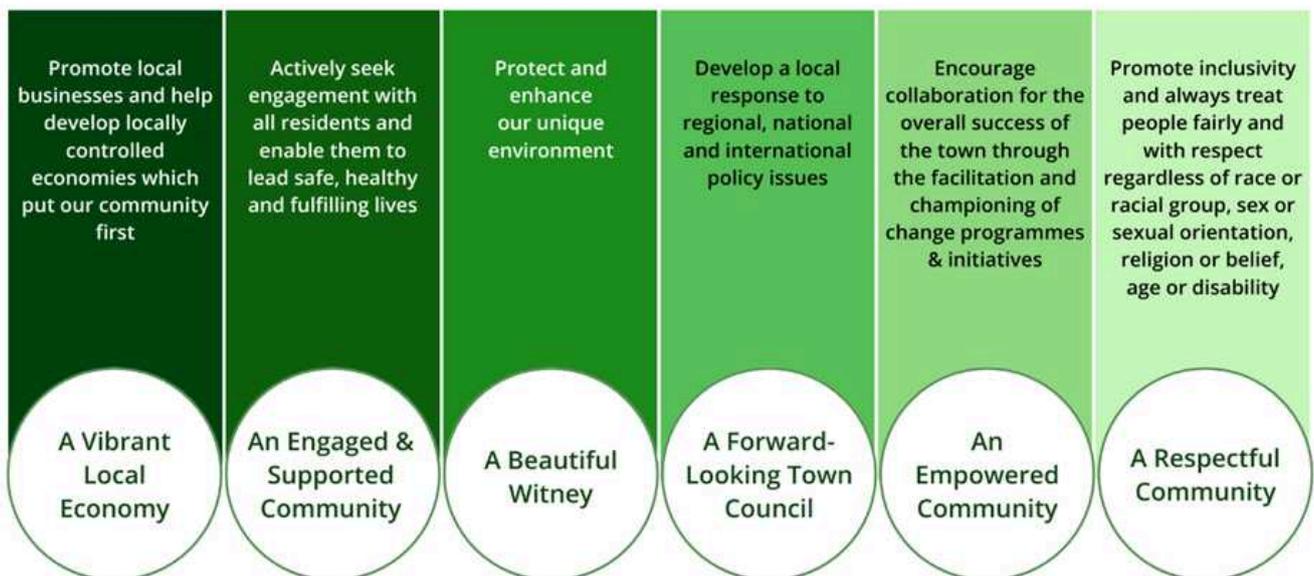

The Plan will be reviewed annually and refreshed following the May 2027 Town Council elections to ensure it remains relevant and responsive to community needs, as well as taking into account the outcome of the Local Government Reorganisation and ultimate plans for devolution.

Our Vision

To improve the quality of life for present and future generations in Witney by promoting sustainability, inclusivity and community wellbeing.

Our Mission

To make Witney a great place to live, work and visit.

Our Six Strategic Outcomes

Plus, woven through is a golden thread:

WITNEY
TOWN COUNCIL

A Green and Resilient Town

Commit to embedding environmental responsibility into everything we do and achieve carbon neutrality for the Council by 2028, while supporting wider efforts to create a thriving, low-carbon future for Witney

Our Strategic Outcomes

The Council's strategic plan is built upon six fundamental pillars that guide our decision-making and resource allocation

1. **A forward-looking Town Council** - We represent residents and businesses on key strategic issues facing the town, ensuring their voices are heard at all levels.
2. **An engaged and supported community** - We actively seek engagement with all residents and work with others to enable them to lead safe, healthy, and fulfilling lives.
3. **An empowered community** - We encourage collaboration for the overall success of Witney through the facilitation and championing of change programmes and initiatives.
4. **A respectful community** - We promote inclusivity and treat all people fairly and with respect regardless of race, sexual orientation, religion, age, or disability.
5. **A beautiful Witney** - We continue to improve and develop our open spaces while protecting and enhancing our natural environment.
6. **A vibrant local economy** - We promote local businesses and develop locally controlled economies that prioritise Witney while preserving our unique identity and heritage.

Woven through all six pillars is a golden thread – our unwavering commitment to sustainability and resilience – which forms the foundation of a seventh, overarching objective:

7. **A Green and Resilient Town** – Rooted in the Council's 2019 Climate Emergency declaration. We are committed to embedding environmental responsibility into everything we do. We aim to achieve carbon neutrality for the Council by 2028, while supporting wider efforts to create a thriving, low-carbon future for Witney.

Strategic Priorities 2025–2029

Over the lifetime of the Strategic Plan the Council will prioritise:

- Enhancing parks, play areas and community spaces
- Strengthening communication and resident engagement
- Tackling climate change and improving environmental resilience
- Securing fair developer contributions to support the town
- Preparing for local government reorganisation and potential boundary changes

Looking Ahead

Witney is a vibrant and historic town with a strong sense of community and civic pride. Through its Strategic Plan, the Council will continue working with residents, partners and local organisations to ensure Witney remains a thriving, inclusive and sustainable town for generations to come.

The full Strategic Plan is available on the Council's website www.witney-tc.gov.uk

PARKS & RECREATION COMMITTEE REVIEW

The Parks & Recreation Committee continues to oversee the enhancement, development and long-term management of Witney's parks, play areas and sports facilities. The Town Council manages 13 play areas and 25 sports pitches, alongside wider open spaces, and remains committed to ensuring these assets are accessible, sustainable and fit for purpose for current and future residents. Over the past year, work has been shaped by significant capital projects alongside ongoing maintenance responsibilities.

At The Leys, the refurbished Splash Park opened in May and has been extremely well received, delivering improved reliability, reduced water consumption and more engaging interactive features. Progress also continues with the Courtside Hubs project and the relocation of the Council's works depot, which together will enhance sports provision and create additional community space. Careful management of The Leys remains essential to balance organised events, sports with its role as an informal recreational space.

At West Witney Sports Ground, refurbishment of the Clubhouse is underway after many years following close partnership working with the club, and plans for a new 3G pitch are progressing to expand all-weather provision. The site continues to support a wide range of user groups, including West Witney Sports & Social Club, Witney Projectile Range, Witney Lawn Tennis Club and Witney Parkrun. Assistance has also been given to Witney Swifts Cricket Club to strengthen its long-term security and development at the site and Parkrun for temporary toilet facilities.

A new Multi Use Games Area at Raleigh Crescent will soon be delivered in partnership with West Oxfordshire District Council using developer contributions, representing further investment in youth and community sport. Play area improvements have continued across the town, including replacement equipment at Burwell and The Leys, with plans agreed to upgrade basketball facilities at King George's Field MUGA. Inclusive play equipment and interpretation boards have also been supported to widen accessibility and engagement.

The exceptionally hot summer presented challenges for grass sports pitches, with some renovations requiring remedial re-seeding and additional works at Burwell and The Leys. Following wetter winter conditions, most pitches are still performing well. The Committee continues to work closely with local grassroots teams to manage and maximise facilities effectively within available resources.

Work is ongoing with Oxfordshire County Council to deliver a footpath at King George V Recreation Ground. The Council is also awaiting final sign-off for the football pitches and pavilion at Windrush Place and is progressing governance arrangements for a new community trust to manage these facilities on its behalf.

Overall, this has been a year of substantial investment and delivery, balanced with the continued maintenance of existing assets and strong partnership working. The Council remains focused on providing inclusive, accessible and sustainable recreational spaces that support healthy and active communities across Witney and looks forward to the completion of these projects during the next year.

HALLS, CEMETERIES & ALLOTMENTS COMMITTEE REVIEW

The Committee has overall responsibility for the management and oversight of a broad range of community facilities and services. This includes the management and operation of the Council-owned Public Halls, the administration of Tower Hill and Windrush Cemeteries, and maintenance of the allotments operated by the Witney Allotment Association.

Over the past year, significant progress has been made in strengthening both the commercial sustainability of the Corn Exchange and the wider community offer provided by the Council.

A dedicated Business Plan has been expanded for the Corn Exchange and Burwell Hall, focusing on diversifying income streams while ensuring best value for residents. Programming at the venue has remained varied, with tribute nights, comedy performances, quizzes, theatre productions, and pantomimes attracting strong audiences. Initiatives during the last year have included a low-cost daytime Film Club, successful monthly Open Mic nights supporting local artistic talent, and the introduction of a Seat Sponsorship scheme for the main hall.

The Corn Exchange also hosted the premiere screening of *Los Banditos of Ducklington Lake*, a film produced by a young Witney resident, highlighting the venue's role in supporting local creativity.

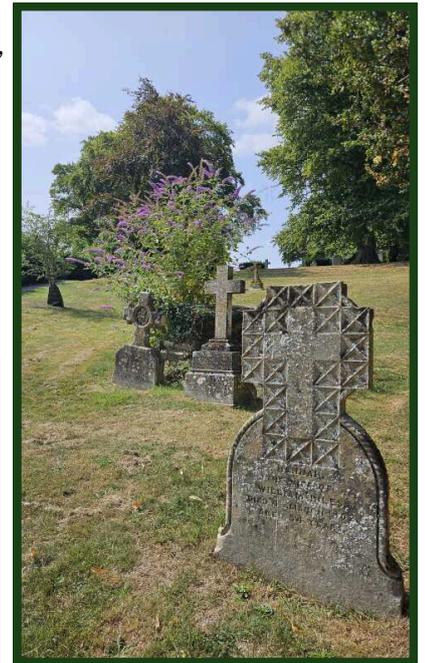

The 1863 Café has continued to thrive, establishing itself as a valued social hub and recently receiving an England Business Award. A designated "Cool Space", this facility was welcomed by residents during the summer heat.

Investment has also been made in the building's facilities and accessibility. Online meeting equipment has been installed, enhancing conference capability and enabling the live streaming of Council meetings, and hearing loops are scheduled for installation in the main hall and gallery to further improve accessibility.

Beyond the Corn Exchange, the popular Tunes on the Square events brought live music to Market Square weekly across the summer, drawing strong community attendance as did the popular VE Day 80th Anniversary event in May which was covered by the BBC.

This Committee is responsible for the management of Tower Hill and Windrush Cemeteries, including the administration of burials and ensuring compliance with all relevant legislation. It also has oversight of the maintenance of the town's two war memorials and ensures that the grounds, trees and boundary features at St Mary's and Holy Trinity closed churchyards are properly maintained in accordance with the Council's statutory responsibilities.

At Windrush Cemetery, new facilities have been delivered in 2025 including an Ashes Scattering Area, a Children's Memorial Garden, and a memorial obelisk, alongside investment in an additional cost-effective ashes section.

The Council has continued to work closely with Witney Allotment Association as tenants for Hailey Road, Lakeside, Newland and Windrush Place allotments and in the last year has supported governance matters, is exploring flooding issues at Lakeside, has replaced fencing and sheds at Newland, and agreed the provision of raised beds at Lakeside allotments to improve accessibility and usability.

STRONGER COMMUNITIES COMMITTEE REVIEW

The Committee oversees the widest range of responsibilities in the Council, centring its efforts on communications and engaging with the community. Its primary goal is to promote stronger community bonds and improve life for all residents throughout Witney.

In 2025, Community Engagement and Communications Strategies were reviewed and updated to maintain their effectiveness and responsiveness. The Council placed a strong emphasis on clear communication by distributing quarterly newsletters. One of these was sent to every household containing council tax details and the yearly satisfaction survey. A further three editions published online. Additional surveys concerning communications preferences and the Council budget were conducted to collect residents' opinions and guide future improvements.

Collaboration has remained a central focus throughout the year. The Community Window on Market Square brought together more than twenty local groups, while continued and enhanced funding for youth initiatives was delivered via a dedicated £20,000 Youth Grant Scheme, allowing Witney's youth organisations to seek additional funding to support local young people.

The Station's detached youth project received ongoing support, including expanded winter half-term BREAK cafés at the Corn Exchange, alongside sessions such as APCAM's mental health drop-ins, We Game activities, and Home-Start Oxford. The Council also started working with the Witney Chamber of Commerce and made its halls available for senior citizen events, highlighting the importance of accessibility for everyone. Volunteers, community gardeners, and young carers were formally acknowledged for their contributions to the town.

Schools in Bloom returned successfully, alongside well-supported civic Christmas card and carol sheet competitions. The Council marked several national awareness campaigns, including International Women's Day, International Men's Day, White Ribbon Day and Great Big Green Week, the latter promoting a book swap at the 1863 Café while also promoting a local summer dog waste campaign. A summer events guide was produced to help families access local activities.

Brass on the Grass returned for a second season of open-air performances and was well attended despite extreme heat, with one event forming part of Love Your Parks Week. The Council also provided financial support to Witney Music Festival, Witney Carnival, Oxfordshire Play Association and Witney Pride.

Civic commemorations included the annual Remembrance Service, events marking the 80th anniversaries of VE and VJ Days, and recognition of the 85th anniversary of the Battle of Britain, with a commitment to annual flag-raising on designated national days. The Citizen of the Year awards once again celebrated outstanding local contributions.

Christmas lights continue to represent a significant community investment, bringing a sense of joy and togetherness to Witney. Their vibrant displays, made possible in part through sponsorship from local businesses, brighten the town during the festive season and foster a positive atmosphere for all. This tradition not only enhances Witney's visual appeal but also lifts spirits, making the community feel more connected and welcoming. The Town Council further strengthens this Christmas spirit by hosting a successful Advent Fayre for young families, offering memorable events and activities that encourage residents to gather and celebrate.

The Committee also supported a range of community infrastructure improvements, including a new community garden at Queen Emma's Dyke, installation of two grit bins at Windrush Place, and a public bleed kit in the former phone box in Market Square. The Council's flag-flying policy was reviewed, with agreement to fly the Town Crest daily from Council buildings and to establish a working group to consider wider civic pride and national arrangements.

POLICY, GOVERNANCE & FINANCE COMMITTEE REVIEW

This Committee oversees all policy and legal matters and makes recommendations to full Council for approval. It is also responsible for approving Council expenditure and ensuring that appropriate financial procedures and controls are in place and adhered to.

Over the past 12 months, the Town Council has continued to deliver its core services while progressing several key initiatives to enhance the community. The year concluded the Council's 50th Anniversary celebrations, marking five decades of service and providing an opportunity to reflect on past achievements while setting a balanced budget for 2026-27.

Following a well-supported public consultation, the Council secured approval for a loan to deliver agreed projects at West Witney. Residents were informed and invited to comment before any financial commitments were made. The funding will support improvements to the Clubhouse and the development of a new Council depot to serve the sports ground and other Council-owned open and recreational spaces.

Policies and governance arrangements have been reviewed and updated to ensure compliance with current legislation and best practice, while also providing clarity and consistency for residents. This work was recognised through the award of bronze accreditation under the Local Council Award Scheme, reflecting strong standards in governance, transparency and community engagement. An application for the Silver Award is due shortly.

Partnership working has continued to strengthen, including collaboration with amongst others, Courtside Hubs CIC and a strategic partnership with Witney Town FC, the latter with which the Council is progressing plans for a Community Trust to manage the day-to-day operation of Windrush Place Pavilion. These partnerships support greater local engagement and create opportunities for efficiencies, external funding and community-led initiatives.

Routine maintenance of Council-owned land and public spaces remains a priority, including regular grass cutting, general upkeep and responsive repairs. The Council has also continued to press Oxfordshire County Council and others on matters affecting Witney, including the High Street, advocating for timely action in response to residents' concerns.

The Council's grants programme has continued to provide financial support to local organisations and community groups, contributing to wellbeing, resilience and vibrancy within the community, including the enhancement and expansion of youth services via a ring-fenced grant scheme and ongoing support for the West Oxfordshire Community us which helps keep the community connected and combats isolation and loneliness. Grants have been awarded using the General Power of Competence and a full list can be seen on pages 12-1 .

To improve transparency and accessibility, Council meetings are now being broadcast, and IT systems have been upgraded to support the needs of a growing organisation. The Council has also responded promptly to incidents of vandalism, arranging repairs and working with relevant authorities to protect community assets and deter anti-social behaviour.

HOW IS THE TOWN COUNCIL FINANCED?

The precept contributes just 8% of residents' total council tax and supports a wide range of services that benefit the whole community. The Town Council maintains parks, cemeteries, flowerbeds, verges, roundabouts, and other green spaces, ensuring Witney remains attractive and welcoming. The Council also funds community initiatives, including grants, Christmas lights, civic and third-party events, The Station youth work, and the town bus service.

In addition, it is responsible for a variety of local amenities, such as sports pitches, the wheeled sports park, the Corn Exchange (public halls and 1863 café and bar), the lake and country park, street furniture, and allotments. In all, it provides spaces and facilities that enhance everyday life for residents and visitors alike.

The approved budget also allows for prudent retention of earmarked reserves for ongoing and future projects and considers the potential impacts of the devolution of local government, ensuring the Council is prepared for new opportunities and responsibilities.

Some of the functions and facilities Witney Town Council provides

 Community Buildings	13 Play Areas Splash Park Wheeled Sports Park	2 Closed Churchyards 2 Cemeteries 1 Youth Council 1 Cafe
Bus Shelters Benches Noticeboards	Community and Civic Events	25 Sports Pitches

Witney Town Council has approved a modest increase to its precept for the 2026/27 financial year, resulting in an additional cost of £0.83 per month for residents in an average Band D property. This increase will allow the Council to continue delivering and improving essential local services across the town while planning responsibly for the future.

At a meeting on Monday 2nd February 2026, Councillors confirmed the precept increase. From April, the average Band D property will contribute £213.35 annually, an increase of £9.98 from last year. Witney Town Council remains committed to responsible financial management, reinvesting in the community, and ensuring the town continues to grow sustainably for future generations.

The Council's work is guided by its Vision: "To improve the quality of life for present and future generations in Witney by promoting sustainability, inclusivity, and community wellbeing," and its Mission: "To make Witney a great place to live, work and visit." These principles underpin the Council's commitment to putting people first, protecting and enhancing the natural environment, and ensuring Witney thrives economically, socially, and environmentally for generations to come.

2025/26 GRANT ALLOCATION

Witney Town Council awards discretionary grants to local community organisations working within the town to assist them with what they do, help fund the purchase of new equipment or help with a particular event or activity. It also considers discretionary subsidised hire requests for the letting of its venues.

Applications for discretionary grant funding or subsidised use of recreation grounds or public halls are considered by the council Policy, Governance & Finance Committee.

2 February 2026	West Oxon Performing Arts Foundation	Towards the inaugural Festival of Speech, Drama & Theatre	£1,000
			TOTAL

£49,283

Youth Services Grants

Witney Town Council reinstated its Youth Services Grant during the year, making up to £20,000 available to youth-focused organisations across the town. The scheme attracted a record level of interest, demonstrating the strong commitment within the community to supporting young people. Although it was not possible to fund all applications in full, each was carefully assessed against the scheme's objectives. Priority was given to inclusive, preventative, and open-access initiatives that were clearly signposted, accessible, and able to demonstrate measurable benefits for young people in Witney. The scheme will run again in 2026.

Recipients in this year included Buttercross Scouts (£3,500), 4th Witney Girl Guides (£1,000), Parish of Witney (£2,500), Bright Futures to provide a project delivered by The Station, West Oxfordshire Levellers (£1,000), Witney Food Revolution (£2,150), and Yellow Submarine (£2,000).

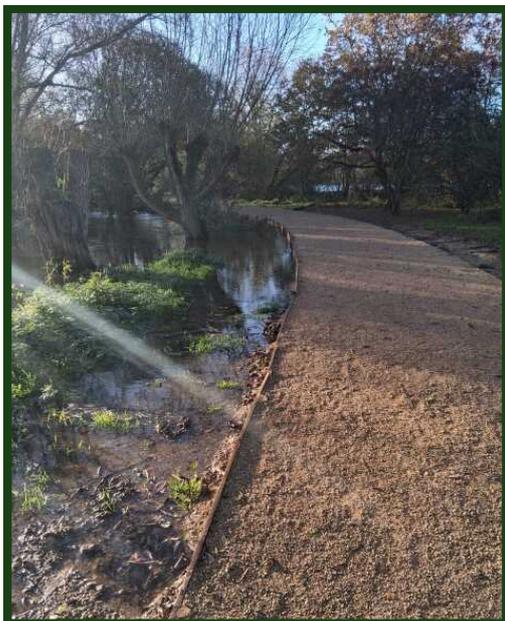

CLIMATE & BIODIVERSITY COMMITTEE REVIEW

In 2025, the Council created a new Committee to provide clear focus on biodiversity, climate and wider environmental matters. Its establishment reflects the Council's commitment to taking coordinated and proactive action in addressing challenges in these areas and meeting its statutory and policy responsibilities, working collaboratively with partner organisations, agencies and volunteers.

At Witney Lake and Country Park, progress has been delivered in line with an adopted management plan. A new boardwalk has improved accessibility while protecting sensitive ground conditions, and enhanced directional signage from The Leys and at key entrances has better highlighted and connected the site to the wider town. During the year, the Lake and Country Park was awarded Local Nature Reserve status, an important milestone in its protection and long-term management, which, alongside the continued work and dedication of staff and volunteers, contributed to the Council achieving a Gold Award from Thames & Chiltern in Bloom.

Flooding at the Lake remains an ongoing issue. In-house path improvement works were undertaken in the autumn to reduce overtopping and limit polluted water entering the Lake; however, exceptional winter flooding surpassed these measures. The Council has applied for grant funding to deliver more resilient improvements and is working towards achieving Green Flag status in the coming year.

Town-wide biodiversity initiatives have also expanded during the last year. The Council supported No Mow May in appropriate open spaces, participated in the Big Butterfly Count, and contributed to citizen science through tree survey work at Witney's Tiny Forest 'Tychwood'. Yellow rattle was sown at Mill Meadow to encourage wildflower establishment, and habitat enhancements, including tidying and bulb planting, were carried out at Unterhaching Park, with further improvements planned to make planting more sustainable, economic, and resistant to weather extremes while maintaining colourful and varied displays. Wildflower planting has been enhanced on selected roundabouts, and the Council is working with residents to designate nature verges along Burford Road, incorporating these into promoted local walking routes.

Although not directly within its responsibilities, the Council assisted with river clearance and desilting works to support water flow. The presence of avian influenza in the area has been closely monitored, with appropriate precautions taken and public notices displayed where required.

Strategic climate action has progressed across the Town Council's estate, supported by a working group tasked with developing a comprehensive Climate Change Strategy and Action Plan encompassing both Council operations and wider community initiatives.

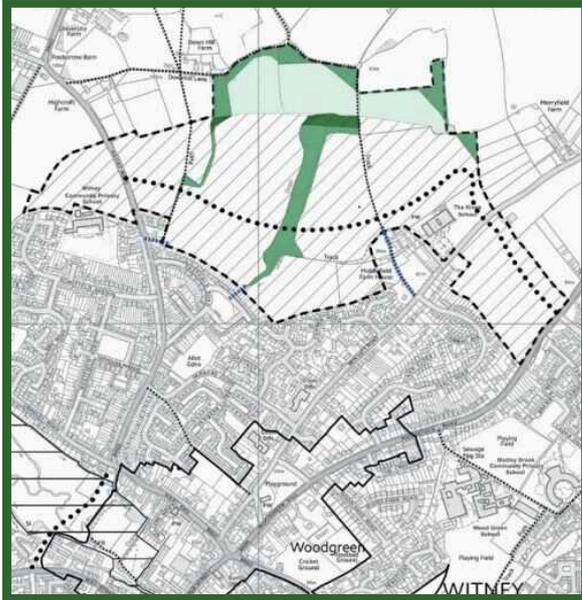

The Council also hosted its first Eco Fair in October to highlight climate issues and provide practical advice to residents on reducing their carbon footprint. In addition, a Thermal Imaging Camera loan scheme was introduced, enabling residents to identify heat loss in their homes and take steps to improve insulation and energy efficiency.

PLANNING & DEVELOPMENT COMMITTEE REVIEW

Witney Town Council is a statutory consultee on planning and licensing applications within the town and comments on significant developments outside its boundary which affect the local community. In this role, the Council reviews and comments on applications using its detailed local knowledge and understanding. Decisions on planning applications are made by West Oxfordshire District Council as the local planning authority; however, the Town Council's responses are submitted to ensure that Witney's best interests are represented.

Over the past year, the Council reviewed 126 planning applications and 8 licensing applications. In addition, it received information from the Witney Traffic Advisory Committee, considered 2 planning appeals, 4 parking regulation orders, and 11 other consultations, covering matters such as street naming, Shores Green junction works and other regulatory proposals affecting the town.

When considering planning applications, the Council focuses on relevant material planning considerations. Attention is given to issues such as flood prevention, highway and parking impact, design and heritage, environmental considerations (including replacement of trees where they are removed), and the wider impact on the community. For larger developments, including for those outside of the current parish boundary, the Council seeks to ensure that appropriate infrastructure and community benefits are secured, including contributions through developer agreements to support and enhance local facilities and services.

During the year, the Council also responded to several wider planning policy consultations, which included input into emerging planning policy, contribution to Local Plan development through to 2043, matters relating to community governance, and national planning and licensing policy consultations aimed at maintaining local decision-making at the heart of the planning system.

WITNEY TRAFFIC ADVISORY COMMITTEE

The Advisory Committee meets quarterly and provides a forum to discuss traffic, parking, bus services, and consultations on schemes and projects affecting Witney. It comprises Town Councillors, committee members, local organisational representatives, and officers from the various tiers of local government covering the town; it is administered by Witney Town Council on behalf of Oxfordshire County Council.

During the year, the Committee continued to press for changes to the Fiveways roundabout at Corn Street due to safety concerns, and for footpath improvements in West Witney and Madley Park. Members were updated on delays to the Witney High Street enhancement works and expressed frustration at the slow progress. Other matters discussed included the A40 Shores Green scheme, civil parking enforcement, and associated proposals in Witney. Requests relating to road markings, bus services and other traffic issues were also raised and referred to the relevant departments.

The Committee also organised Witney's second Bus Users' Meeting in October, bringing together service providers and residents to discuss current and future services. The event will now become an annual, free community meeting supported by the Town Council. The next meeting is planned for May 2026 to gather feedback ahead of Oxfordshire County Council's consideration of bus contracts later in the year.

Speeding concerns are also forwarded to this Committee. The Witney Town Community Speedwatch scheme, administered by the Committee have held three sessions in recent months. The total number of vehicles exceeding the speed limit was 76 with a maximum speed recorded in a 20mph zone of 48 mph. 33 letters were sent to drivers. In order for the scheme to be successful further volunteers are needed to help run and co-ordinate the sessions. If you are interested, please contact communities@witney-tc.gov.uk for details.

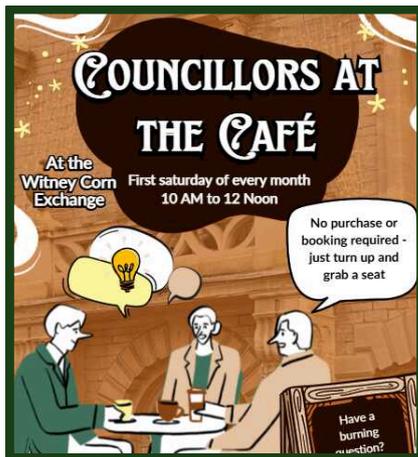

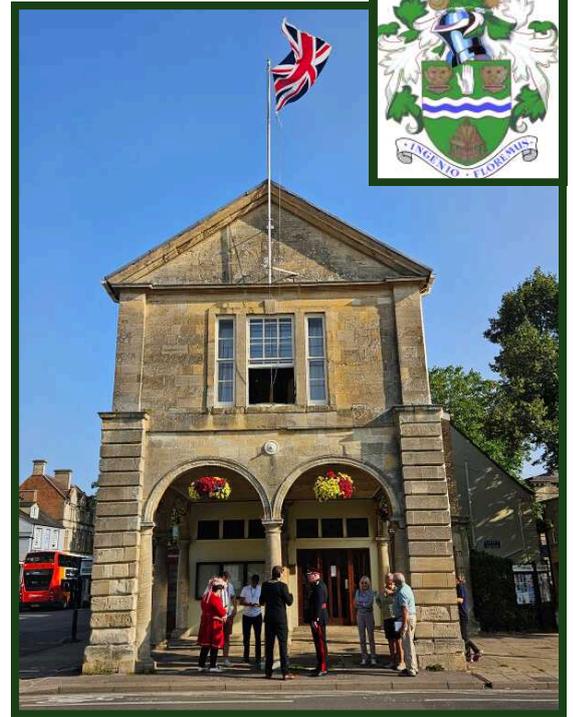

COMMUNITY LEADERSHIP

Over the past year, the Town Council has strengthened its accessibility, advocacy and strategic direction. A Corporate Strategic Plan for 2025–2029 has been adopted, setting clear priorities for growth, service delivery and community development as the Council enters the final year of its current term.

While Local Government Reorganisation proposals for 2027 do not directly change the role of town councils, Members and officers have engaged in discussions to prepare for potential impacts. The Council has also formally requested a boundary review from West Oxfordshire District Council considering planned development and increasing pressure on infrastructure and services.

The Council has continued to advocate on behalf of residents, lobbying Oxfordshire County Council and West Oxfordshire District Council on a range of issues including potholes, cycling signage and surfacing at St Mary's churchyard, flag protocols, and refurbishment of the High Street.

The Council supported measures to address dangerous pony and trap racing along the A40, expressed opposition to proposals for part night-time street lighting where concerns were raised, advised that public conveniences at Langdale Gate should remain an asset of the District Council, and responded to a recent consultation on the future running of the Fire Service in Oxfordshire.

A Past, Present and Future Working Group was formed to strengthen civic pride and to address complex and sometimes divisive national and local issues in a constructive and inclusive way. The Town Crest now flies daily from the Town Hall, with additional flag-raising events planned for St George's Day, Armed Forces Day, Oxfordshire Day and Historic County Flags Day. Twinning links with Le Touquet and Unterhaching were reaffirmed, the UN flag was flown to mark its anniversary, and international ties were further strengthened through civic engagement.

Partnership working remains central as seen in other reports. The Council has worked closely with the Witney Flood Group, supporting de-silting works at Bridge Street and meeting riparian responsibilities, and has agreed to administer a Witney Town Centre Forum to support local businesses. Monthly "Councillors at the Café" sessions continue to provide residents with informal opportunities to engage directly with their elected representatives.

WITNEY YOUTH COUNCIL

Witney Youth Council brings together young people aged 11–18 to work with Witney Town Council and local organisations, giving young residents a voice and encouraging their involvement in local decision-making.

Now in its second year, members have supported community events including Witney Carnival and the Christmas Lights Switch-On, where they helped young carers and older residents.

A memorable highlight was meeting the Youth Council of Le Touquet, Witney's twinned town in France, who travelled to Witney to meet their counterparts and learn about the town.

The Chair and Vice Chair also represented young people at the 2025 Remembrance Day service, laying a wreath at the War Memorial.

The group has developed its own logo and launched a youth events survey in local schools to help shape future activities and recently met with the local MP to discuss issues affecting young people.

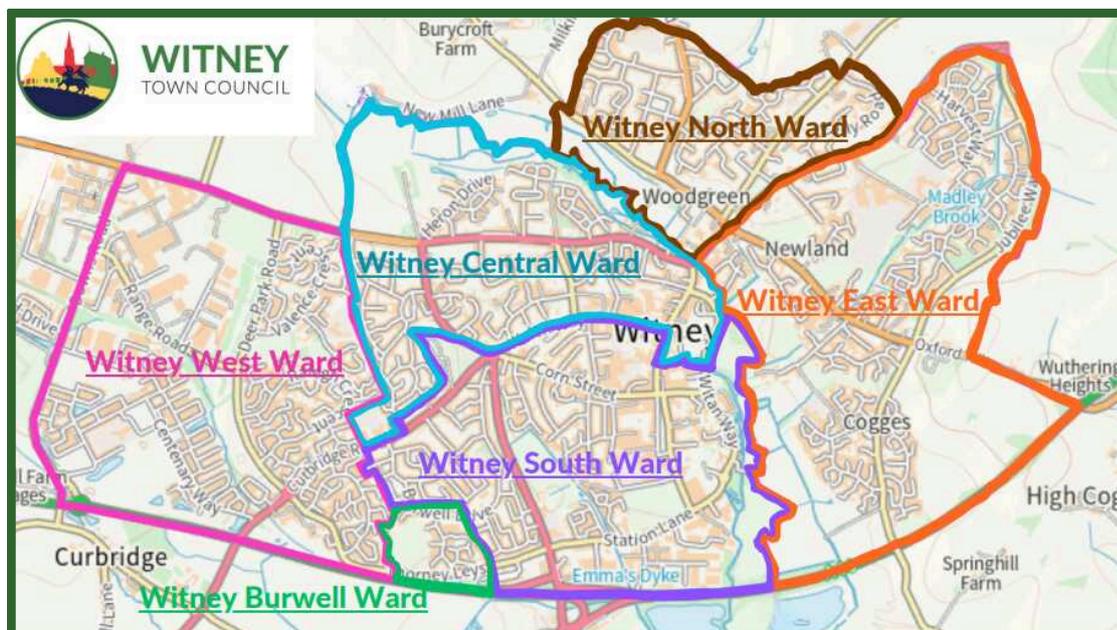

2025/26 MEETING DATES & COUNCILLORS

Local Councillors are elected by the community to decide how the council should carry out its various activities. They represent public interest as well as individuals living within the ward in which he or she has been elected to serve a term of office.

They have regular contact with the general public through council meetings, telephone calls or surgeries. Surgeries provide an opportunity for any resident to go and talk their ward councillor face to face and these take place on a regular basis.

Councillors are not paid a salary for their work at the Town Council, nor do they receive allowances. By law, all members of the Council are required to complete a declaration of interest form, the details of which are published online. You can access this information by visiting the [Councillors page](#) on the Town Council's website, where you can select the specific Councillor you are interested in.

<p>Witney West Ward Councillor Thomas Ashby Councillor Geoff Doughty Councillor Jane Doughty</p>	<p>Witney North Ward Councillor Duncan Enright Councillor Sandra Simpson Councillor Dean Temple</p>
