Location :- UNIT 4 MILLBUCK IND EST Date Returned :- 08/03/2023  
AVENUE TWO  
Proposal : Erection of signage (all non illuminated).  
Observations : Witney Town Council make the following observations:

Sign 2 & Sign 35 - Safety signs within this board need to be far more prominent. These signs are telling cars as they enter the site that the site speed limit is 5mph, 'Caution for pedestrians' and 'No reversing without banksman'. The signs are too small given the risk to pedestrians around the site.

Signs 4 & 35 - These signs are confusing, at sign 4 'Travis Perkins Entrance & Deliveries' and 'Benchmark Entrance & Deliveries' are all directed to turn left. This would send all vehicles East along the Avenue Two Spur. However, further along the South spur, at sign 35 it says 'Travis Perkins Collections & Deliveries'. This seems unclear as to which entrance Travis Perkins visitors and deliveries should be using; it was the town council's understanding that only HGVs would be using these service entrances/exits. Therefore, vehicles need clearer instruction.

Signs 5C - Where the HGV's will be exiting on to the pedestrian and cycling route - there needs to be a prominent warning sign on the internal facing side, visible to vehicles/drivers exiting the site, making it clear that they are entering a cycle and pedestrian area. This is a busy route for families walking and cycling, and a route for school children.

Further, Signs 5C feature a small 'HGV Exit Only' notice, which is white font against a green background. These signs would be more effective as a warning if they were brighter colours/high visibility rather than potentially blending into the vegetation. It is important that pedestrians and cyclists using the carriageway know to expect HGVs to be exiting from this point.

HERON DRIVE  
Proposal : Single storey rear extension.  
Observations : While Witney Town Council does not object to this application in terms of material concerns, it notes the loss of permeable drainage. Whilst the development is small, Members expressed concern that surface water is to discharge to existing drainage, with the possibility of this causing increased flood risk elsewhere. Members ask that a SUDS strategy and mitigating measures are considered to help decrease the possibility of surface water flooding in this area, in accordance with policy EH7 of the West Oxfordshire Local Plan 2031.

Proposal : Retrospective planning application for the flexible use of part of the dwelling as a gym/personal training space and residential accommodation in association with the main dwelling.  
Observations : Witney Town Council object to this application. The scale of the operation is inappropriate in this residential area. The associated issues of noise disturbance, light disturbance, excessive vehicle movements and parking are detrimental to residents of neighbouring properties. Policy OS2 requires that development should be compatible with adjoining uses and not have a harmful impact on the amenity of existing occupants. Further, Policy OS4 requires that development not harm the use or enjoyment of land and buildings nearby including living conditions in residential properties.

125- 10 WTC/040/23 Plot Ref :-23/00237/S73 Type :- VARIATION

Location :- 8 MARKET SQUARE Date Returned :- 08/03/2023  
MARKET SQUARE  
Proposal : Variation of condition 3 of permission 22/02411/FUL in order to extend the opening hours restrictions.  
Observations : Witney Town Council object to this application for variation of Condition 3 of permission 22/02411/FUL to extend the opening hours. Whilst the consultee comments from ERS are creative they don't alleviate noise and disturbance issues for nearby residential properties. Members are concerned that it is too soon since the premises first opened for the impacts to have been measured, and that the development become better established before extended opening hours be given consideration.
