	Location :-	59 RALEGH CRESCENT RALEGH CRESCENT	Date Returned :-	26/07/2023
	Proposal : Erection of a single storey rear extension.			
	Observations : While Witney Town Council does not object to this application in terms of material concerns, it notes the loss of permeable drainage and would ask that mitigating measures are considered to help decrease the possibility of surface water flooding in this area, in accordance with policy EH7 of the West Oxfordshire Local Plan 2031.			

416- 2	WTC/106/23	Plot Ref :-23/01681/HHD	Type :-	HOUSEHOLDE
	Applicant Name :-		Date Received :-	05/07/2023
	Location :-	28 WOODLANDS ROAD WOODLANDS ROAD	Date Returned :-	26/07/2023
	Proposal : Proposed single storey rear extension.			
	Observations : While Witney Town Council does not object to this application in terms of material concerns, it notes the loss of permeable drainage and would ask that mitigating measures are considered to help decrease the possibility of surface water flooding in this area, in accordance with policy EH7 of the West Oxfordshire Local Plan 2031.			

416- 3	WTC/107/23	Plot Ref :-23/01525/S73	Type :-	VARIATION
	Applicant Name :-		Date Received :-	17/07/2023
	Location :-	LAND (E) 432925 (N)209696 DOWNS ROAD CURBRIDGE	Date Returned :-	26/07/2023
	Proposal : Variation of condition 13 of planning permission 21/02364/FUL to refer to lighting plan 2250 P3 C401 A and Southgate Lighting Report. (Retrospective).			
	Observations : Witney Town Council object to this application:			
	1. Witney Town Council question the validity of the application documents. The number of lights that have already been installed exceeds the number of lights that are shown on the plan. The lights are not labelled on the plan and there is no reference or symbol to the lighting on the key. Without a plan which shows clearly what is being proposed (or being granted consent retrospectively), Members do not have faith that a scheme can be considered or agreed, or that enforcement of any consent would be achievable in future.			
	2. The installed lighting is harmful to neighbouring residential properties. The lights are illuminating gardens and shine in the windows.			
	3. The proposed buffer, designed to mitigate the light spill, is not fit for purpose. The existing planting is not providing mitigation and members are doubtful that even when the planting matures it will be able to screen the light spill effectively			

– particularly given that some of the planted specimens are deciduous.

4. The application does not specify any darkness periods. Members ask that any scheme includes provision for some dark hours and that creative options are considered whereby lights are only in use when required for operational reasons on the site. Both in the interest of energy waste and to reduce the environmental impact of artificial light in hours of darkness.

Policy OS2 states that all development should "Be compatible with adjoining uses and not have a harmful impact of the amenity of existing occupants". Further, Policy EH8 states that "New development should not take place in areas where it would cause unacceptable nuisance to the occupants of nearby land and buildings from noise and disturbance".

The lighting that has already been installed is reportedly having a harmful impact for neighbouring residents and therefore Witney Town Council do not find this scheme to be policy compliant.

416- 4	WTC/108/23	Plot Ref :-23/01099/HHD	Type :-	HOUSEHOLDE

Proposal : Works within the car park of the existing food store to include erection of thirteen replacement trolley shelters and formation of additional parent and child parking spaces.
Observations : Witney Town Council welcomes the proposals to increase parent and child spaces as part of this overhaul of the car parking area but is very disappointed there are no additional cycle racks/shelters proposed on the plans.

The current cycle rack provision is wholly inadequate, Sainsbury's should be planning and developing a vision for sustainable transport infrastructure as part of this 'Stores of the Future' initiative. The number of cycle racks should be increasing and all entrances to the site should be made easily and safely accessible to cyclists; As such, there should be acknowledgement on the plan that the "pedestrian access" on Farm Mill Lane is a suitable shared use cycle and footpath.

Parking changes in such a key Witney location should plan for cycle parking and any approach should be informed by the adopted Oxfordshire County Council Local Cycling & Walking Infrastructure Plan, which identifies supermarkets as a top trip generator and states, 'Cycle parking - should be secure and conveniently located for where people want to travel. This could include cycle hubs at public transport interchanges or 'Sheffield' cycle stands outside key trip generators. Cycle parking should accommodate all types of bikes, including adapted bikes and cargo bikes.'

The Town Council would like to see the current number of cycle racks trebled to make it safe to ride to and appealing to use and would like to advise there are opportunities within the LCWIP (proposals 18, 28 and 63) that would lead to the store which Sainsburys could contribute to as part of this initiative. Additional plans would be welcomed on the above issues before a decision is made.

Further, Members note that there is no provision for EV points within the site. As previously stated, the applicant should be developing proposals that incorporate future transport strategy, with an expectation that there will be an increased need for EV charging points.
