

From: Oxfordshire County Council
Subject: New OCC Engagement Team

Dear Sharon

We are excited to introduce the newly formed Highway Engagement Team at Oxfordshire County Council. This team is dedicated to enhancing the quality of our highways and ensuring a smoother, safer journey for all.

The Highway Engagement Team is your direct link to the County Council for all highway-related matters. We are here to listen to your concerns, answer your questions, and work with you to improve our highway infrastructure.

Our mission is to ensure that Oxfordshire's highways are safe, efficient, and meet the needs of our diverse community.

We understand the importance of first-hand experience and local knowledge. Therefore, we are offering all Parish and Town Councils the opportunity for face-to-face site visits. These visits will allow us to better understand your concerns, assess the situation on the ground, and work together to find the best solutions.

We invite you to join us in this endeavour. Your input and collaboration are vital to the success of our mission. Let's work together to make Oxfordshire's highways safer and more efficient for everyone.

Contact Us Please feel free to reach out to us to schedule a site visit or to discuss any highway-related concerns. I would be happy to come and spend some time with you and do a walk/talk of the town and any particular areas of concern or interest you may have.

I do have some availability in May so please let me know any convenient dates and we can arrange to meet up.

We look forward to working closely with you.

Regards

Engagement Officer
