**Subject:** Application for Road Closure - Witney wonderland Festival - 29/30 November and 6 December 2019

Please find attached a couple of applications for road closure orders relating to the above event.

This is the first time we have had such applications (although I understand that the event – which takes place in St Mary's Church – was held for the first time last year.

Whilst the application mentions the highway from Mount House to the Henry Box School, I assume that you would wish the route through Station Lane to remain open?

Sharon – I have copied you in to this as it appears that the Town council has not been consulted and I wondered if you might have a view.

Debra – are you aware of this from a licensing perspective?

Regards

Paul
