- g. The Community Window is located within a historic building, so the space comes with some unique measurements. The space is accessed from the rear of the window, via a step that is approx. 50cm high, this access point is 95cm wide and 176cm tall. The roof slopes down from 220cm at the back to 175cm at the front therefore a maximum height is 210cm. We strongly request that you arrange to view the space ahead of planning your display layout so that you can be sure of the dimensions.
- h. Nothing may be affixed to the window glass. We have some display equipment such as small easels of various sizes and book stands that may be of use to elevate items to eye-level which may be borrowed for the term of the display.

We look forward to hosting your display. If you need help with anything, please ask.
