**Subject:** Thank you

Dear Adam,

I am writing to say thank you so much for your arranging the donation of £250 from a business/contractor to us. We spoke back in November regarding this and in December the BACS payment was received. We are so appreciative of your support, particularly around Christmas time. This is one of the busiest periods for us, and so this donation will have gone a long way to help many individuals as well as families.

Thank you once again,

Regards,

██████████
