
Agenda Item:	Health and Safety Report
Meeting Date:	Monday, 16 February 2026
Contact Officer:	Compliance and Environment Officer

The purpose of this report is to update Councillors on Health and Safety across the services and facilities provided by the Council.

Background

It is the policy of Witney Town Council to comply with our obligations under the Health and Safety at Work Act 1974 (as amended), the Management of Health and Safety at Work Regulations 1999 (as amended) and other supporting legislation concerning Health and Safety. At all times we endeavour to provide and maintain a healthy and safe working environment for our employees, and to protect the health and safety of all visitors; including contractors, temporary workers, and members of the public, who might be affected by our operations.

Current Situation

In accordance with the approved Witney Town Council Health and Safety Policy Statement, Members are reminded that they have a collective responsibility for the Health & Safety of the organisation.

Departmental managers remain accountable for compliance within their areas of responsibility which is overseen by the Compliance and Environment officer.

The key objectives are to ensure that the Council operates in a lawful manner in respect of health and safety compliance with its service delivery and functions, identifying and advising management and Council of possible risks and finding solutions to mitigate such risks.

The Council's health and safety consultants, GH Safety Ltd (part of Opus Safety) provide additional specialist support to the Council.

A review of risk assessments is currently underway across all Council operations.

Compliance Table

Compliance Inspection, Testing and Servicing Status	Corn Exchange	Town Hall	Admin Office	Burwell Hall	Windrush Ind. Est. Temp Works Depot	Stanley Court Temp Works Depot
Fire Risk Assessment	Completed	Completed	Completed	Completed	Completed	Completed

Air conditioning	N/A	N/A	N/A	Completed	N/A	N/A

PAT testing of Council electrical equipment was undertaken on 13 January 2026.

Training

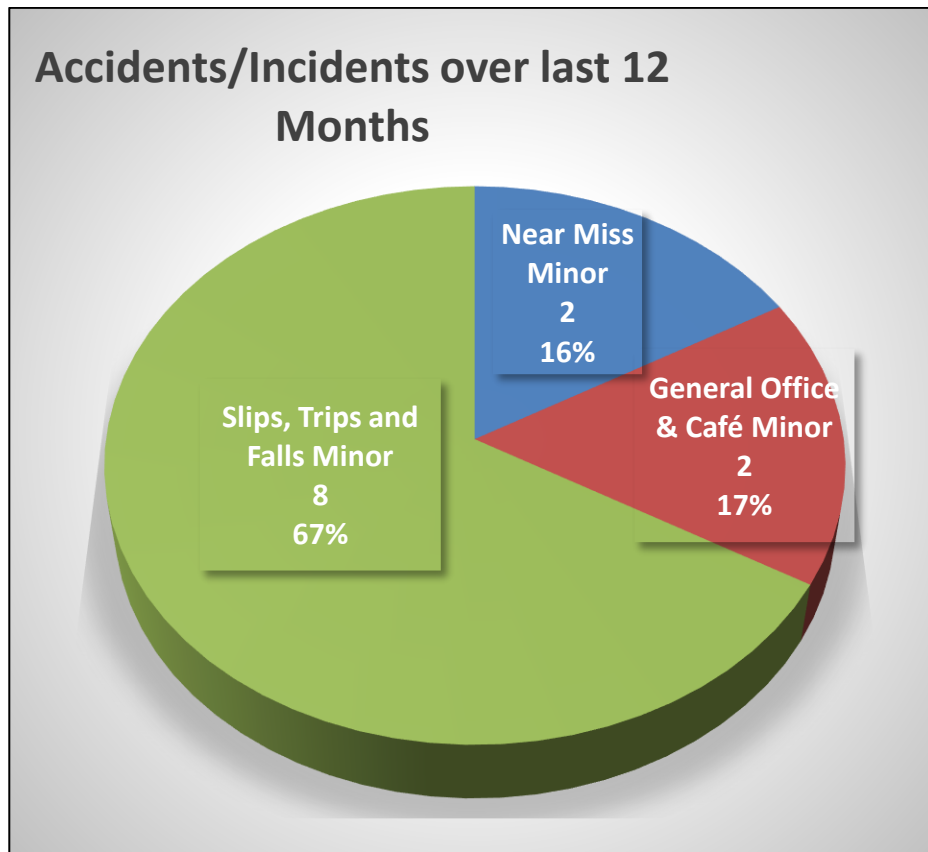

A two-day LANTRA Awards Technical Tractor Driving Course has been successfully completed by three members of the Operations Team and the Green Spaces Operative. The training also covered the safe and effective use of the front loader and flail mower. This qualification ensures that the team can carry out maintenance work within the Council's green spaces safely, competently, and in accordance with required standards.

One new member of the Café team has recently achieved Food Safety Level 2 certification.

Health and Safety incidents

- RIDDOR (Reporting of Injuries, Diseases and Dangerous Occurrences Regulations)
 - No reportable incidents.

- Accidents/Incident
 - Two staff reported accidents/incidents have occurred since the last meeting consisting of the following category and severity:
 - Slips, trips and falls - Minor.
- Near Miss
 - There have been no reported near misses since the last meeting.

Impact Assessments

The Town Council has a duty to consider the effects of its decisions, functions and activities on equality, biodiversity, and crime & disorder. Consideration should also be given to effects on the environment, given the Council's Climate Emergency declaration in 2019.

- a) Ensuring equality in health and safety measures so that all individuals, regardless of their background, job role, or personal circumstances, have equal access to a safe and healthy environment.
- b) Biodiversity plays a crucial role in health and safety measures, influencing public health, workplace safety, and overall environmental well-being.
- c) Crime and disorder pose risks to health and safety in workplaces, public spaces, and healthcare settings. Issues such as violence, theft, and vandalism can compromise safety measures.
- d) The Environment & Climate Emergency is a critical issue that directly impacts health and safety measures in workplaces and communities. It is important to integrate

environmental and climate considerations into the council's health and safety policies to protect workers, reduce environmental hazards, and build resilience against climate-related risks.

Risk

In decision making Councillors should give consideration to any risks to the Council and any action it can take to limit or negate its liability.

All accidents and incidents are properly documented and investigated with measures put in place in order to prevent reoccurrences.

Social Value

Social value is the positive change the Council creates in the local community within which it operates.

There are the broader benefits that the Council generates for employees and the public embedding a safer, healthier, and more productive workforce.

Financial implications

The Council makes budgetary provision in order to carry out its obligations in relation to its statutory compliance checks using external contractors to certify the work accordingly.

Recommendations

Members are invited to note the report.
