## Section 18 of 21

### LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

The premises operates as a food and non-alcoholic drink business and does not sell or supply alcohol. The nature of the operation, combined with the controls in place, ensures that the four licensing objectives can be actively promoted at all times.

In accordance with the planning permission, The main restaurant shall only be open for customers between the following times: 06:00am to 23:30pm Monday to Sunday. Between the hours of 23:30pm and 06:00am the site shall be limited to use for a drive-thru and home delivery services only.

The premises is operated in a safe, well-managed and orderly manner, with digital CCTV already installed and operational, clear internal layouts, supervised access points and trained staff always present. These measures support the prevention of crime and disorder and ensure a high standard of public safety for staff and delivery couriers.

The operation is carefully managed to minimise any impact on the local area. Delivery couriers are required to collect orders promptly and leave quietly, signage is to be displayed to remind them to respect neighbours, and noise and waste are controlled, particularly during late-night hours. This ensures the prevention of public nuisance.

Children are protected by the nature of the business and the operating controls in place. The premises does not sell alcohol, is supervised by trained staff and does not permit public access during 23:30-06:00 other than those in vehicles in the drive-thru, ensuring that children are not exposed to any risks associated with late-night trading. This promotes the protection of children from harm.

b) The prevention of crime and disorder

The premises operates solely as a food and non-alcoholic drink business and does not sell or supply alcohol.

The public only has access to the restaurant via a vehicle in the drive-thru between the hours of 23:30 and 06:00. During these hours, the premises will only have doors open for authorised delivery couriers. Delivery drivers use an exclusive access door to the restaurant, separate from any public entrance, which further reduces the risk of disturbance, unauthorised access or disorder.

The premises is managed by responsible staff who are trained to deal with delivery couriers in a calm and professional manner. Any delivery courier behaving in an aggressive, abusive or disruptive way will be refused service and asked to leave

*Continued from previous page...*

immediately.

A CCTV system is already installed and operational, covering all public areas, the serving and collection points, and the entrance and exit doors, including delivery driver pick-up areas. CCTV footage is retained for a minimum of 28 days and is made available to the police or authorised officers on request.

The number of delivery couriers permitted inside the premises at any one time is controlled to prevent overcrowding and ensure safe and orderly operation. Any waiting is managed inside the premises, preventing congestion outside and reducing disturbance to neighbouring properties.

Staff will actively monitor the area immediately outside the premises and will encourage delivery couriers to collect orders promptly and leave the area quietly, particularly during late hours. Clear signage will be displayed reminding couriers to respect local residents.

#### c) Public safety

In line with the planning permission, the restaurant is only trading via the drive-thru and delivery channels between the hours of 23:30 and 06:00.

During these hours, only authorised delivery couriers and staff are to be permitted in the building which significantly reduces risks associated with crowding, intoxication or unmanaged public access.

Delivery couriers use a designated, exclusive access door for collections. This allows staff to control entry, manage the flow of couriers and prevent unauthorised persons from entering the premises. Access will be supervised by trained staff.

The internal layout of the premises provides clear, unobstructed walkways and safe waiting areas inside the restaurant for couriers, reducing the risk of trips, slips or collisions. The number of delivery couriers allowed inside the premises at any one time can be controlled to prevent overcrowding and to ensure safe movement within the building.

The premises is well lit both internally and externally, including the courier access point, to ensure visibility and safety during night-time operation. The CCTV system is fully operational and covers all relevant areas, providing additional security and reassurance to staff, drive thru customers and couriers.

Staff are trained in health and safety procedures, including emergency evacuation, first aid and accident reporting and managing any unsafe behaviour. Fire exits are clearly marked and kept unobstructed at all times.

#### d) The prevention of public nuisance

During 23:30 and 06:00 only authorised delivery couriers and staff are present in the building, which significantly limits the potential for noise, disturbance and antisocial behaviour.

All delivery couriers use a designated, exclusive access door for collections. This allows staff to manage arrivals and departures in a controlled manner and prevents groups of couriers from congregating outside the premises. Couriers will wait and collect inside the restaurant only.

Staff actively monitor the external area and will require delivery couriers to collect orders promptly and leave the area quietly, particularly during night-time hours. Clear signage will be displayed reminding couriers and drive-thru customers to respect local residents and to avoid shouting, engine noise or playing loud music.

The premises is operated with doors kept closed as far as reasonably practicable to minimise the escape of noise. Any background music inside the premises, if used, is kept at a low level and is not audible outside.

Waste and recycling are handled in a controlled manner and no external waste disposal, or cleaning activities that could

*Continued from previous page...*

cause noise will take place between 23:30-06:00

e) The protection of children from harm

The premises operates solely as a food and non-alcoholic drink business and does not sell or supply alcohol. This creates a safe environment for children during daytime and early evening trading hours.

We do not anticipate that children will use the restaurant in the extended hours period covered by this licensing application, we do however take their safety extremely seriously and we will continue to employ the same practices to ensure that they are protected from harm at all times when visiting the restaurant. All of our restaurant staff are required to attend comprehensive safety training.

This can include a private medical insurance policy, an EHIC card or an S1, S2 or S3 form.

**Original documents must not be sent to licensing authorities.** If the document copied is a passport, a copy of the following pages should be provided:-

- (i) any page containing the holder's personal details including nationality;
- (ii) any page containing the holder's photograph;
- (iii) any page containing the holder's signature;
- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

*Continued from previous page...*

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

### **Home Office online right to work checking service**

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.
