Subject: CONSULTATION – Spring Meadow (Witney) – Proposed One-way Traffic Restriction

Importance: High

RE: CONSULTATION – Spring Meadow (Witney) – Proposed One-way Traffic Restriction

We're asking for your views on the proposal to formalise the One-way restriction on Spring Meadow in Witney, with traffic being permitted to travel clockwise only - an accompanying `No Entry` restriction will be also introduced, preventing traffic from travelling northwards (i.e. anti-clockwise). The proposals are being put forward for road safety reasons, which will see no change to the existing arrangements as 'on-the-ground', and with plans in place to adopt the roads within the development – all existing restrictions are required to be in-line with required legal standards. In light of this please find the following consultation documents attached:

- Public Notice,
- Statement of Reasons,
- Consultation Plan,
- Draft Traffic Regulation Order.

The proposed Traffic Regulation Order is scheduled to be advertised in the Witney & West Oxfordshire Gazette newspaper today; Wednesday 23rd September 2026, details are also available to view on the Councils consultation portal at the following link:

https://letstalk.oxfordshire.gov.uk/witney_springmeadow_oneway2026

As stated on the notice, any objections or other representations on the proposals should be submitted by **Friday 23rd October 2026**.

Note. parish & town councils and local Cllrs (County, District, Parish etc..) are all encouraged to use the information contained within & attached to this email to publicise the proposals locally amongst their residents as necessary.

Kind Regards,
