GRANTED PLANNING PERMISSIONS

C WTC/112/20 District COMMENT	Approved	SPRINGFIELD Local COMMENT Witney Town Council objects to this proposal as it shares the Spring Meadow's residents concerns about access. The Town Council is also disappointed in the transport strategy as it does not include connectivity to cycle routes, and bus stops identified in the statement.. The Town Council is also concerned about the drainage and would like assurance that there is no way that surface water can get into the foul water sewer and it must be ensured that the piped water underneath the permeable paving goes to the surface water sewer that ends up in Colwell Brook and not the foul sewage system due to existing problems with that.
