

Hello Sharon and John, hope you are both keeping fit and well, I'm glad to see John that you stayed well clear of that cedar tree in the churchyard the other day.

Can I explain the bowls club's proposal about the public building on the west edge of the green. It's not been maintained for many years as there was no budget requested or allocated to it, so we propose a budget is sought for both the 21/22 and 22/23 financial years. The first year would merely be for vegetation clearance, the second year for survey and costings of the remedial work.

I realise this will have to go to the finance committee and I'm happy to attend and make the case for the budgets, showing the committee the historical information we have about this building.

Thanks. Stay safe.  
Alan.
