Subject: Windrush Church of England School

Dear Sir / Madam

I am working with the River Learning Trust, the multi academy trust of schools in Oxfordshire, to open the new Windrush CE School on the Windrush development in Witney.

I have been informed by Julia Hilborne, West Oxon District Council, that a consultation has gone out to the Town Council and the developers to suggest a name for the service road directly to the school and the local shops as this remains unnamed at present. I am aware that the Town Council has been involved in naming the roads on this new development.

If at all possible we would like to propose a suggestion that this service road is named River Way, or River Road, to link with the Windrush River, and hence the school name.

I would be grateful if you would consider our suggestion.

Many thanks

Yours faithfully
Katherine Spencer
