

Dear Hollie

Please find attached the close up of our property with the area we wish to purchase roughly highlighted in red.

The area we wish to purchase is 12foot deep by 18foot across.

We wish to purchase this piece of land to give us additional garden space in order to erect a shed

A large black rectangular redaction box covers the text and any potential images or attachments that would follow the sentence "We wish to purchase this piece of land to give us additional garden space in order to erect a shed".

I hope this is enough information to move forward with the application. Please inform us if any further details are required.

Yours Sincerely

Michael Atkin
