<b>Grant-Funding</b>		
<p>Purpose for which the grant is required:</p> <p>We are half way through 2 yr funding from County Council Youth Opportunity fund which gives us funding to offer 1 term time only youth session. Last year the Town Council awarded us funding to be able to offer 2 youth sessions for the whole year. And money towards working on a project within school. This project highlighted the need for a LGBTQ+ youth group which has now been set up.</p> <p>We are asking the Town Council to continue to fund the second youth session and to contribute towards the staffing and running costs of the LGBTQ+ group.</p> <p>This added funding also gives us more capacity to offer programmes such as sexual health and mental health support which in turn generate further grants making youth work more sustainable for the future.</p> <p>The funding also allows some flexibility in worker time to be able to continue building networks in the Community with a view to securing premises, meet with the Neighbourhood police team, run the social media pages and manage staff and volunteers.</p>

<b>General</b>
<p>Please provide or attach any additional information which may assist the Council in reaching its decision.</p> <p>The last 12 months have been particularly challenging times. As youth work is a recognised essential service, we have been able to continue to work with young people in Witney. We have been able to make changes to our provision to meet the needs of the more vulnerable young people while still adhering to government Covid-19 restrictions. We tried various ways to support young people during lockdown including online meetings, art projects, and phone calls. None of these proved to be successful, but rather than giving up and taking furlough, we continued to try other ways to reach young people. This led us to Our most successful project - Walking and Talking. A planned meet up with a young person and talking about what's happening for them, while walking around. This had such a positive effect of the mental wellbeing of the young people. Walking and Talking required two workers to be with each young person for safeguarding purposes which made the project costly. Without the funding from the Town Council this couldn't have happened and these vulnerable young people would have had no support at all during months of lockdown. Got2B workers have had 793 separate contacts with young people since November 2020.</p> <p>Our detached workers have started to make good positive relationships with lots of young people over the last year and we want to continue to build on this. Ideally we are now at a point where we need to provide centre based work. As autumn and winter approach, detached work is far less effective. We need to find premises that can be used as a permanent base. Continued funding and support from Witney Town Council plays a vital role in us being able to provide good youth services in the town. We have requested a larger grant this year to ensure we can continue to do our best for the future of youth work within Witney. Without your commitment this won't be possible and we are worried that when the county council funding ends next year provision will not be able to continue.</p>

I certify that the above information is true to the best of my knowledge and belief, and that I am authorised to make this application for Grant-aid.
