

Witney Town Council

Internal Audit Report 2021-22: Final

Adrian Shepherd-Roberts

*For and on behalf of
Auditing Solutions Ltd*

Background

All town and parish councils are required by statute to make arrangements for an independent internal audit examination of their accounting records and system of internal control and for the conclusions to be reported each year in the Annual Return. Auditing Solutions Ltd has provided this service to Witney Town Council since 2003.

This report sets out the work undertaken in relation to the 2021-22 financial year which was completed by 14th February and 31st May 2022. We have again undertaken our final review for the year remotely: we wish to thank the Clerk and the Deputy Town Clerk in assisting the process, providing all necessary documentation in electronic format to facilitate completion of our review for the year to date. We have, in the circumstances, reduced, in some areas, the volume of transactions examined, whilst still ensuring governance and financial controls remain effective.

Internal Audit Approach

In undertaking our reviews for the year, we have had regard to the materiality of transactions and their susceptibility to potential mis-recording or misrepresentation in the year-end Statement of Accounts/Annual Return. We have employed a combination of selective sampling techniques (where appropriate) and 100% detailed checks in a number of key areas in order to gain sufficient assurance that the Council's financial and regulatory systems and controls are appropriate and fit for the purposes intended.

Our programme of cover has been designed to afford appropriate assurance that the Council's financial systems are robust and operate in a manner to ensure effective probity of transactions and to afford a reasonable probability of identifying any material errors or possible abuse of the Council's own and the national statutory regulatory framework. The programme is also designed to facilitate our completion of the 'Annual Internal Audit Report' in the Council's Annual Return, which requires independent assurance over a number of internal control objectives.

Overall Conclusion

We have concluded that, on the basis of the programme of work we have undertaken, the Council has maintained adequate and effective internal control arrangements during the year.

We are also pleased to record that, in the areas examined, no major issues or concerns have been identified and that we consider the Clerk and her staff continue to operate generally effective control procedures in each relevant area. We ask that members consider the content of this report and acknowledge that the report has been reviewed by Council.

We have completed and signed the 'Annual Internal Audit Report' in the year's Annual Governance and Accountability Return, having concluded that, in all significant respects, the control objectives set out in that report were being achieved throughout the financial year to a standard adequate to meet the needs of the Council.

Detailed Report

Review of Accounting Arrangements & Bank Reconciliations

The Council maintains its accounting records using Omega software and continues to operate three bank accounts with Barclays, the Current account being used for the receipt of income and processing of high value payments, with the second Imprest account used for all routine payments and the third for retention of surplus funds and to provide funding for the former two accounts.

Our objective here is to ensure that the accounting records are being maintained accurately and currently and that no anomalous entries appear in cashbooks or financial ledgers. To that end, we have:

- Ensured that the ledger remains in balance at the current date;
- Verified the opening trial balance detail with that reported in the 2020-21 Accounts and Annual Return;
- Checked and agreed transactions in the three bank account cashbooks to the relevant bank statements for April and December 2021 and March 2022 noting that these records continue to be maintained in a timely and accurate manner;
- Checked and agreed all inter account “sweep” transactions between the Imprest and premium accounts, to retain a daily balance on the former of £1,000, for the same months; and
- Checked detail on bank reconciliations as at 30th April 2021 and 31st December 2021 and 31st March 2022 for each account to ensure that no long-standing uncleared cheques or other potentially anomalous balancing entries exist.

Conclusions

We are pleased to record that no issues have been identified from work completed in this area for the financial year.

Review of Corporate Governance

Our objective here is to ensure that the Council has robust corporate governance arrangements in place; that Council and Committee meetings are conducted in accordance with the adopted Standing Orders and that, as far as we are able to ascertain, no actions of a potentially unlawful nature have been or are being considered for implementation. We: -

- Noted previously that the Financial Regulations were reviewed and formally approved at the Full Annual Council meeting in April 2021. The Standing Orders were approved in 2016 and should be reviewed and subsequently approved by Full Council;
- Noted previously that General Powers of Competence were adopted at the May 2019 Full Council meeting; and
- Have undertaken our review of the Council’s minutes and consideration of other governance issues for the year to identify whether or not any issues exist that may have

an adverse effect, through litigation or other causes, on the Council's future financial stability.

Conclusions

We are pleased to record that no issues have been identified from work currently undertaken in this area. We have, however, previously noted with the Clerk the requirement to review the Standing Orders in conjunction with the latest model documents issued by NALC.

Review of Expenditure

Our aim here is to ensure that: -

- Council resources are released in accordance with the Council's approved procedures and budgets;
- Payments are supported by appropriate records, either in the form of an original trade invoice or other appropriate form of document confirming the payment as due and/or an acknowledgement of receipt, where no other form of invoice is available;
- An official order has been raised for the acquisition of goods or service delivery, where one would be anticipated;
- All discounts due on goods and services supplied are identified and appropriate action taken to secure the discount;
- The correct expense codes have been applied to invoices when processed; and
- VAT has been appropriately identified and coded to the control account for periodic recovery.

We have completed our testing in this area, examining a sample of payments.

We also note that VAT returns continue to be completed in a timely and accurate manner, with electronic "on-line" submission now in place, in line with HMRC requirements. We have examined the quarterly reclaims to March 2022 confirming that the detail correlates to that in the Omega VAT control account.

Conclusions

No matters arise in this area warranting formal comment or recommendation.

Assessment and Management of Risk

Our aim here is to ensure that the Council has put in place appropriate arrangements to identify all potential areas of risk of both a financial and health and safety nature, whilst also ensuring that appropriate arrangements exist to monitor and manage those risks identified in order to minimise the opportunity for their coming to fruition.

We note that the LCRS based risk assessment documentation was formally re-adopted by Council in 2021-22 financial year.

We have also examined the Council's insurance policy schedule for 2021-22, with cover again provided by Zurich Municipal, noting that Fidelity Guarantee cover is in place at £5 million (previously £2million), Public Liability at £15 million & Employer's Liability at £10 million.

Conclusions

We have reviewed the insurance policy and note that Fidelity Guarantee cover has now been reviewed and increased to £5million for 2022-23

Precept Determination and Budgetary Control

We aim in this area of our work to ensure that the Council has appropriate procedures in place to determine its future financial requirements leading to the adoption of an approved budget and formal determination of the amount of the precept placed on the District Council, that effective arrangements are in place to monitor budgetary performance throughout the financial year and that the Council has identified and retains appropriate reserve funds to meet future spending plans.

We note from draft minutes that the precept of £1,829,398 for 2022-23 was approved by Full Council at its meeting on 5th January 2022.

We also note that members continue to receive regular budget monitoring reports with over/under-spends and the level of earmarked reserves the subject of regular review.

Conclusions

There are no matters requiring formal comment or recommendation in this area of our review process.

Review of Income

The Council receives income from a plethora of sources in addition to the annual precept including allotments, cemeteries, sports pitches and the Corn Exchange. We have previously agreed a five-year strategic plan of cover of these areas with the Town Clerk and Council, which is subject to ongoing review and update, where necessary, following any changes in service provision. We have: -

- Examined the controls in place over the identification and recovery of income due to the Council from the two cemeteries together with the invoicing, tracing detail from the source documents and the burial records to the subsequent receipt and banking of the fees.
- Examined the controls in place over the identification and recovery of income due to the Council from the Corn Exchange together with the invoicing, tracing detail from the Invoices to the subsequent receipt and banking of the fees.

Also reviewed the unpaid invoices relating to the sales ledgers and we are satisfied that a significant amount of work was undertaken to reduce this debtor position. Following discussions with the Town Clerk we have been advised that work has been undertaken, post the year end, to reduce the outstanding debt.

Conclusions

There are no matters requiring recommendation in this area of our review process.

Petty Cash Account

Our aim in this area is to ensure that appropriate controls are in place; that all expenditure incurred is adequately supported by trade invoices or till receipts; that the expenditure is appropriate for the Council's requirements; that VAT has been separately identified for periodic recovery and that cheque encashments from the main cashbooks are properly recorded.

We have not physically checked the cash but have reviewed the holding from the information that we have been provided. As we are working remotely, we suggest that where possible an independent check is undertaken to confirm that the cash has been checked and the account balances.

We have also reviewed the fuel Card account and consider that the controls regarding its use are satisfactory.

Conclusions

There are no matters requiring formal comment or recommendation in this area of our review process.

Salaries and Wages

In examining the Council's payroll function, we aim to confirm that extant legislation is being appropriately observed as regards adherence to the Employee Rights Act 1998 and the requirements of HM Revenue and Customs (HMRC) legislation as regards the deduction and payment over of income tax and NI contributions, together with meeting the requirements of the local government pension scheme, as further revised from 1st April 2018 in relation to employee percentage bandings. To meet that objective, we have checked detail of payroll transactions in December 2021, ensuring that: -

- Gross salaries are paid in accord with the approved NJC scale points;
- The correct PAYE codes and NIC tables were being applied;
- Appropriate rates of superannuation deductions are being applied;
- Timesheets are prepared, signed by the employee and certified as correct for payment by their supervising officer; and
- Net salary payments, via the BACS banking process, were in accord with staff payslips for the month.

Conclusions

We are pleased to record that no issues have been identified in this area of our review.

Fixed Asset Registers

The Governance and Accountability Manual requires all councils to maintain a record of all assets owned. We have checked and agreed the principles used in the detail, as recorded in the Council's Asset Register following the review by DCK Accounting Solutions Limited (DCK), noting that it is prepared using purchase cost values or where that value is unknown at the previous year's return level or uplifted or decreased to reflect the acquisition or disposal of assets or a proxy cost as detailed in the Governance and Accountability Manual (March 2022)

Conclusion

No issues require formal comment or recommendation.

Investments and Loans

Our objectives here are to ensure that the Council is "investing" surplus funds, be they held temporarily or on a longer term basis in appropriate banking and investment institutions, that an appropriate investment policy is in place, that the Council is obtaining the best rate of return on any such investments made, that interest earned is brought to account correctly and appropriately in the accounting records. We also aim to ensure that any loan repayments due to or payable by the Council are transacted in accordance with appropriate loan agreements.

The Council has two specific investments with CCLA Investment Management Limited, a deposit account and a long-term investment in the CCLA Property Fund, with the remaining surplus funds being held in the Barclays Business Premium account.

We also note that the Council have provided a loan to the Witney Town Bowls Club repayable, initially, over a ten-year term.

Conclusions

We are pleased to report that no issues have been identified in this area of our review.

Annual Governance and Accountability Return

The Accounts and Audit Regulations required that all Councils prepare a detailed Statement of Accounts, together with supporting statements identifying other aspects of the Council's financial affairs.

As part of our year-end review we have checked the March 2021 cash books and nominal ledgers.

We have also examined the Council's procedures in relation to the preparation of the year-end detailed Annual Governance and Accountability Return data, also reviewing the accounts for the identification of year-end debtors and creditors with no issues arising.

Conclusions

No issues have arisen in this review area and, on the basis of work undertaken during the year, we have duly signed off the Internal Audit Report of the Annual Governance and Accountability Return, assigning positive assurances in each relevant area.
