Subject: RE: Youth Services Grant Scheme 2022

Dear Linda,

Thank you so much for this news. Jan shared the deliberations you were having to weigh up, after she attended the meeting. Although of course we'd have loved a larger grant, I do appreciate the very high competition and we are so grateful for the significant support from the Town Council through this fund.

Its also very much appreciated to have suggestions of other possible sources of funding. I presume we'll hear from our contacts at the District Council (e.g. Cllr Aitman) but if you have further info, for example on Councillors that expressed willingness about their CPF, or an intro to the Witney Educational Foundation we'd be very glad to hear.

We look forward to linking with the Town Council in the year ahead, and sharing our progress to support the youngest children in Witney. Please always do feel free to reach out to Jan (our Witney Group Coordinator – copied here) or I if you have any questions whatsoever.

As well as inviting you to follow our Witney Facebook page, we'd love to add you to our mailing list for emails, which we send quarterly. Could you let me know who we should add? Or we can circulate links to both that you can share?

Best wishes

Katharine
